MARCH 2013

Appointments Required for One-on-One Meetings

Answers to nearly every question can be found on the [ASRS website](#) or by participating in a [member education](#) program. Members are also encouraged to view our growing library of [on-demand webcasts](#) on a variety of topics, including retiree health benefits, tax information and more. Personal account information - including balances, benefit estimates and a timeline for retirement - is available in each member's [secure account](#).

The ASRS recognizes that some members require specialized, in-person counseling. Please note that appointments are required for all one-on-one counseling sessions at our Phoenix and Tucson offices. This allows the ASRS to prepare in advance for your visit and decrease your wait time.

With Spring Break coming up and summer just around the corner, the need to call ahead for an appointment is especially important. March is one of the busiest months for ASRS Benefit Advisors, primarily due to increased retirements by members in the education field.

In previous years, increased walk-in traffic has resulted in lengthy wait times. To streamline this process and avoid long waiting periods, members must now call in to schedule an appointment for in-person counseling:

PHOENIX: (602) 240-2000
TUCSON: (520) 239-3100
OUTSIDE METRO AREAS: (800) 621-3778
